ORIGINAL

Dear Chairman Stump,

Energy efficiency has been one of the most effective and readily available solutions to the high costs associated with energy. APS offers useful rebates that help to support businesses and individuals that wish to improve their energy efficiency. We pay now and reap the benefits into the foreseeable future. I am disappointed with your vote to waive part of the energy efficiency standard; although I do appreciate your other votes to move APS' energy efficiency plan forward.

Sincerely,

Arizona Corporation Commission
